Subject: SPAN LAWS OF TRANSITIONS CERTIFICATE COURSE Enrollment Proposal

Dear [Decision Maker Name],

I am/We are writing to apply for funding to attend an upcoming online professional learning course from February 19 - April 21, 2024.

Featuring lectures by Drs. Douglas Ota, and facilitated by experienced positive transitions-care practitioners, Jane Barron and Valérie Besanceney of [Safe Passage Across Networks \(SPAN\)](#), this 8 week (30 hours of learning) course on *The Laws of Transitions* empowers individuals, schools and organizations who are committed to nurturing positive transitions-care for their students, families and staff members. Through the deconstruction of Ota's Six Laws of Transitions and grounded in the belief that well-managed transitions bring significant value to personal and educational journeys, this course offers the latest research, comprehensive insights and practical strategies to address cross-cultural mobility challenges and foster a sustained culture of care and wellbeing.

As a participant/participants in this unique course, I/we will benefit from:

1. **Research-Informed Practice:** I/We will actively engage with the latest research and strategies in positive transitions-care to gain insights into our school's/organization's current transitions-care policies and practices.
2. **The Six Laws of Transitions:** I/We will deconstruct Drs. Douglas Ota's Six Laws of Transitions and apply this new learning to leverage our school's/organization's existing wellbeing strengths, leaving with actionable tools for immediate implementation.
3. **Global Collaboration:** I/We will connect and collaborate with like-minded peers globally, enhancing understanding and enriching practical strategies for supporting community members transitioning within, between and beyond our school/organization.

Given our school's current plans for the future, by attending this course I/we will be able to apply this learning after completion in the following ways:
